Re: Idaho Select Basketball Program

To Whom It May Concern:

As sponsors of many youth organizations in the Treasure Valley, I highly recommend Idaho Select Basketball as a program which is instrumental in developing not only impressive basketball skills but honesty, integrity and leadership qualities in our young men.

This organization has grown rapidly over the last few years because of their creative yet no-nonsense approach to providing high-quality basketball instruction; but more importantly, the opportunity they provide for exceptional personal growth for our youth.

This program is very professional with outstanding goals, and they enjoy a first-class reputation. Without hesitation, I endorse and recommend Idaho Select Basketball.

Sincerely,

Wright Brothers, The Building Company
